

FCC; please stop getting involved EVERYWHERE!!!!!! Every time I turn around you're trying to stop me from listening to who I want, when I want, like Howard Stern, and now you're telling me that you want to stop me from listening to traffic and weather on my satellite radio, you have got to be kidding me. We do not live in a dictatorship, yet every time I look, you are trying to enforce rules upon me that are very similar to a non-democracy. Please keep your nose where it belongs and stop trying to censor things that you think President Bush would be proud of you for!!!!!!!!!!!!!! We live in a free Country, it would do the FCC good to remember that!
